

ST. CLARE'S SCHOOL

Parent survey data

94% agree

The educational benefits and opportunities of a personal device dedicated to schoolwork are clear to me

97% agree

Overall, I think the school's decision to provide devices and access to educational technology will benefit my child(ren)

100% agree

I was well informed about the device roll out

96% agree

I have no concerns about how my child(ren) is/are using their personal device

94% agree

The device and software will benefit my child if we need to go into another lockdown

Testimonials

“

The provision of personal devices is an excellent initiative. It has ensured all children are accessing work in the same way and encountering the same IT questions which they assist one another with

”

“

My daughter loves her device and it has significantly improved the online learning experience for her. I think it will be of excellent use when the children return to school also.”

”

“

It has benefitted my child enormously and her IT skills have improved considerably as a result of the roll out of his equipment.

”

“

Very much needed and appreciated! Alexander opened it up and started work straight away - no need to install any apps etc.

Fabulous!

”

“

A fantastic initiative and one that will benefit all pupils tremendously

”

“

A fabulous and privileged position to be in
